HOW IT WORKS

In the deck of cards are some Exploding Kittens. You play the game by putting the deck face down and taking turns drawing cards until someone draws an Exploding Kitten.

When that happens, that person explodes. They are now dead and out of the game.

This process continues until there’s only 1 player left, who wins the game.

The more cards you draw, the greater your chances of drawing an Exploding Kitten.

BASICALLY

IF YOU EXPLODE, YOU LOSE.
AND YOU ARE FULL OF INCENDIARY LOSER SODA JUICE.

IF YOU DON’T EXPLODE, YOU WIN.
AND YOU ARE FULL OF GREATNESS, GOOD JOB, BUDDY.

AND ALL OF THE OTHER CARDS WILL LESSEN YOUR CHANCES OF GETTING EXPLODED BY EXPLODING KITTENS.

FOR EXAMPLE

You could use a See the Future Card to peek at the top few cards in the Draw Pile. If that reveals an Exploding Kitten you could then use a Skip Card to end your turn and avoid drawing it.

SETUP

1. To start, remove all the Exploding Kittens (4) from the deck and set them aside.

![Exploding Kitten Card]

2. Remove all of the Defuse Cards (6) from the deck and deal 1 to each player.

![Defuse Card]

3. Insert the extra Defuse Cards back in the deck.

DEFUSE CARDS

Each player is dealt 1 Defuse Card, the most powerful card in the game. These are the only cards that can save you from Exploding Kittens. If you draw an Exploding Kitten, instead of dying, you can play the Defuse Card and reinset the Kitten back into the Draw Pile anywhere you’d like in secret. Try to get as many Defuse Cards as possible.

TWO OR THREE PLAYERS

Put only 2 of the extra Defuse Cards back into the deck and remove the others from the game.

4. Shuffle the deck and deal 7 cards face down to each player. Everyone now has a hand of 8 cards total.

5. Insert enough Exploding Kittens back into the deck so that there is 1 fewer than the number of people playing. Remove any extra Exploding Kittens from the game.

FOR EXAMPLE

For a 4 player game, insert 3 Kittens. For a 3 player game, insert 2 Kittens. This ensures that everyone eventually explodes except for 1 person.

6. Shuffle the deck, and put it face down in the middle of the table.

This is your Draw Pile.

(For a 4 player game, insert 3 Kittens. For a 3 player game, insert 2 Kittens. This ensures that everyone eventually explodes except for 1 person.)

TAKING YOUR TURN

1. Gather all 8 of your cards into your hand and look at them. Do one of the following:

   PASS
   Play no cards.

   OR

   PLAY
   Play a card by placing it FACE UP on top of the Discard Pile and following the instructions on the card.

   Read the text on a card to learn what it does.

   After you follow the instructions on the card, you can play another card. You can play as many cards as you’d like.

2. End your turn by drawing a card from the top of the Draw Pile into your hand and hoping it’s not an Exploding Kitten. (This is different from most games in that you END YOUR TURN by drawing a card.)

   Play continues clockwise around the table.

   REMEMBER

   Play as many or as few cards as you’d like, then draw a card to end your turn.

   Pass or Play then Draw.
   Pass or Play then Draw.

ENDING THE GAME

The last player who hasn’t exploded wins the game.

You won’t ever run out of cards in the Draw Pile because you inserted enough Exploding Kittens to kill all but 1 player.

THREE MORE THINGS

✓ A good strategy is to save your cards early in the game while your chance of exploding is low.
✓ You can always count the cards left in the Draw Pile to figure out the odds of exploding.
✓ There is no maximum or minimum hand size. If you run out of cards in your hand, there’s no special action to take. Keep playing. You’ll draw at least 1 more card on your next turn.

IF YOU HAVE QUESTIONS ABOUT SPECIFIC CARDS, FLP THIS SHEET OVER.
**Exploding Kittens**

**You only need this if you have questions about specific cards.**

**Exploding Kitten** 4 Cards
You must show this card immediately. Unless you have a Defuse Card, you’re dead. Discard all of your cards, including the Exploding Kitten.

**Defuse** 6 Cards
If you drew an Exploding Kitten, you can play this card instead of dying. Place your Defuse Card in the Discard Pile.

Then take the Exploding Kitten, and without reordering or viewing the other cards, secretly put it back in the Draw Pile anywhere you’d like.

Want to hurt the player right after you? Put the Kitten right on top of the deck. If you’d like, hold the deck under the table so that no one else can see where you put it.

Your turn is over after playing this card.

**Attack** (2x) 4 Cards
Do not draw any cards. Instead, immediately force the next player to take 2 turns in a row. Play then continues from that player. The victim of this card takes a turn as normal (pass-or-play then draw). Then, when their first turn is over, it’s their turn again.

If the victim of an Attack Card plays an Attack Card on any of their turns, the new target must take any remaining turns plus the number of attacks on the Attack Card just played (e.g. 4 turns, then 6, and so on).

**See the Future** (3x) 5 Cards
Privately view the top 3 cards from the Draw Pile and put them back in the same order. Don’t show the cards to the other players.

**Nope** 5 Cards
Stop any action except for an Exploding Kitten or a Defuse Card. Imagine that any card beneath a Nope Card never existed.

A Nope can also be played on another Nope to negate it and create a Yup, and so on.

A Nope can be played at any time before an action has begun, even if it’s not your turn. Any cards that have been Noped are lost. Leave them in the Discard Pile.

You can even play a Nope on a SPECIAL COMBO.

**Shuffle** 4 Cards
Shuffle the Draw Pile thoroughly. (Useful when you know there’s an Exploding Kitten coming.)

**Skip** 4 Cards
Immediately end your turn without drawing a card.

If you play a Skip Card as a defense to an Attack Card, it only ends 1 of the 2 turns. 2 Skip Cards would end both turns.

**Special Combos**

**Two of a Kind**
Playing matching Pairs of Cat Cards (where you get to steal a random card from another player) no longer only applies to pairs of Cat Cards. It now applies to ANY pair of cards with the same title (a pair of Shuffle Cards, a pair of Skip Cards, etc).

**Three of a Kind**
When you play 3 matching cards (any 3 cards with the same title), you get to pick a player and name a card. If they have that card, they must give you one. If they don’t have it, you get nothing.

**5 Card Special Combo**
If you play 5 different cards (5 cards of any type as long as the titles of the cards are all different), go through the Discard Pile to take any single card you’d like.

(Grab the Pile quickly to choose your card so that you don’t get “Noped!”)

**Streaking Kittens**
If you are playing with the Streaking Kittens expansion pack, the Streaking Kitten cannot be used with the 5 Card Special Combo. This means you can’t use it in your collection of 5 cards nor can you remove it from the Discard Pile.

**Favor** 4 Cards
Force any other player to give you 1 card from their hand. They choose which card to give you.

**Cat Cards** 4 of Each
These cards are powerless on their own, but if you collect any 2 matching Cat Cards, you can play them as a Pair to steal a random card from any player.
They can also be used in Special Combos.

**Field Guide**

**Example Turn**

You suspect the top card in the draw pile is an Exploding Kitten. So instead of passing and then drawing a card to end your turn, you decide to play see the future card allowing you to privately peek at the top 3 cards in the draw pile.

While viewing the 3 top cards you see that you were right, and the top card (the card you’re about to draw) is an Exploding Kitten.

You decide to play an attack card to end your turn and force the next player to take 2 turns.

But then another player plays a Nope card which cancels your attack, so it’s still your turn.

You don’t want to draw that top card and explode, so you play a Shuffle Card and randomly shuffle the draw pile.

With the deck freshly shuffled, you draw the top card to end your turn and hope it’s not an Exploding Kitten.
